

HELP KEEP RODENTS AWAY

Follow these simple tips:

- If food, water, and shelter are unavailable, they will not come.
- If you must store food, use a refrigerator or steel container.
- Never leave food in classrooms or labs longer than necessary.
- Promptly toss all food trash in hallway trash containers.
- Close floor electrical outlet covers.
- Please do not bring in your own chemicals to treat pests, as these may not be licensed chemicals for our campus.

**Please report all signs of rodent infestation to (951) 827-4219
or submit a service request at facilities.ucr.edu**

HELP KEEP ANTS AWAY

Follow these simple tips:

- If food, water, and shelter are unavailable, they will not come.
- If you must store food, use a refrigerator or steel container.
- Never leave food in classrooms or labs longer than necessary.
- Promptly toss all food trash in hallway trash containers.
- Please do not bring in your own chemicals to treat ants, as these may not be licensed chemicals for our campus.
